Proposal For Towing Services

North County Recovery, LLC would like to present our towing service options to your community. We offer a Patrol-able Contract and Non-Patrol-able Contract.

Our Patrol-able Contract includes daily patrol of your community for illegally parked vehicles (such as: no parking zones, fire lanes, handicap spaces). Any vehicle in violation will be removed immediately. Vehicle's with no tags, expired registration or inoperable vehicle's can be removed immediately or can be tagged with a 24 hour or 48 hour violation warning sticker.

Our Non-Patrol-able Contract would provide removal of vehicle's illegally parked, abandoned, inoperable ..., by authorized request only. Your community will select representatives to call and authorize the removal of vehicle's.

Both contracts provide towing signs installed at each entrance of our community. Digital pictures are taken of every impounded vehicle to show the vehicle in violation, and are emailed to the property manager and H.O.A. Residents of communities that we service are offered discounted local towing.

We are staffed with 24 hour a day knowledgeable dispatchers and certified truck operators. We offer convenient weekend and after hours appointments for vehicle pick up. We will always make adjustments to either contract to fit your communities specific needs. We will work closely with property management and Home Owner Associations to ensure we are providing only the best service for your community.

Fees are paid by vehicle owner only. No fees are charged to property or its affiliates.

Impounded Vehicle Fees are as follows:

Impound Fee: 275.00

Storage Fee: 25.00 Per Day

Administration Fee: 25.00 (Applies the next business day)
